

Understanding Human Trafficking

Sex Trafficking: In which a commercial sex act is induced by force, fraud, or coercion, or in which the person induced to perform such act has not attained 18 years of age.

Labor Trafficking: The recruitment, harboring, transportation, provision, or obtaining of a person for labor or services, through the use of force, fraud, or coercion for the purpose of subjection to involuntary servitude, peonage, debt bondage, or slavery.

Since 2007, the National Human Trafficking Hotline has received 32,297 reports of human trafficking resulting in an **estimated 22,451 victims in Texas**. Since human trafficking is underreported, it is difficult to measure the magnitude of the issue.

85%

Of Labor Trafficking survivors were recruited by an employer nationwide

44%

Of Sex Trafficking survivors were recruited by a family member nationwide

39%

Of Sex Trafficking survivors were recruited via an intimate partner or a marriage proposition nationwide

Human trafficking can happen to anyone regardless of gender, age, or socioeconomic status. Traffickers are looking for unmet needs and desires, using this as leverage to exploit individuals.

Top vulnerabilities

- Housing or food instability
- Substance use
- Juvenile Justice System or Foster Care System Involvement
- History of abuse or neglect
- Lack of social connections/support

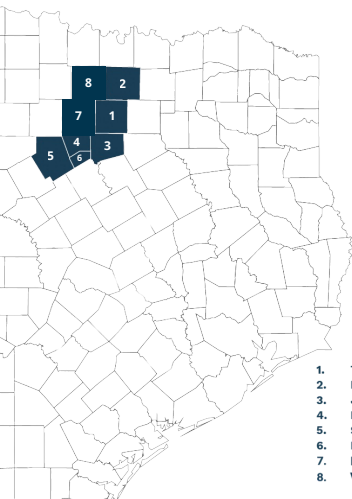

Experiences of Human Trafficking

Force: Physical acts of violence or restraints

Fraud: False promises or misrepresentation of an opportunity.

Coercion: Manipulation, lies, intimidation, using psychological and physical vulnerabilities

Remember that, anytime a minor or an individual with disabilities engages in commercial sex acts, regardless of force, fraud, or coercion, that is considered sex trafficking.

Building Protective Factors for Child Sex Trafficking

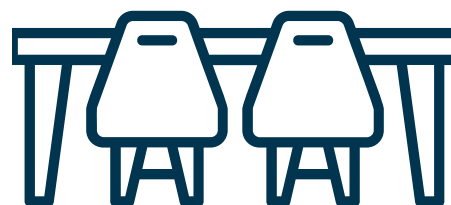

Child sex trafficking refers to the recruitment, harboring, transportation, provision, obtaining, patronizing, or soliciting of a minor for the purpose of a commercial sex act.

Scan QR to learn more about the CSE-IT

In Texas between 2016-2024, the Commercial Sexual Exploitation Identification Tool (CSE-IT) was used to conduct 174,243 screenings to assess trafficking risks among youth. Of those, **17,269 youth were identified as 'Clear Concern', which is the highest risk level for sex trafficking victimization.**

This is enough youth to fill **575** school classrooms

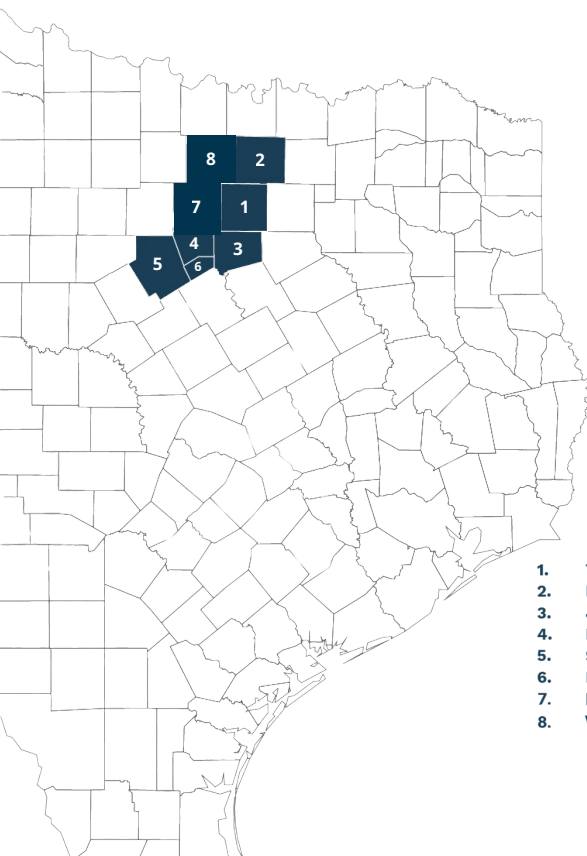

Traffickers look for unmet needs and desires therefore we can protect youth by strengthening protective factors that address and fulfill those needs and desires..

Risk Factors

- Housing or food instability
- Substance use
- Juvenile Justice System or Foster Care System Involvement
- History of abuse or neglect
- Lack of social connections/support

Protective Factors for Service Providers

- Strengthening supportive adult relationships
- Educating on healthy relationships
- Referring to help meet basic needs
- Building strong coordination of resources for youth
- Promoting online safety
